

Student:**Report: Mock Edition D - Wed 29th July Goudhurst 1pm-3pm**

Please access our [Revision Plan](#) (password:) to find information on each element of the Kent Test exam, plus tips and techniques to help with key issues and gap-filling.

To pass the Kent 11+ the student has to reach the aggregate (total) score *in addition to a pass* on each of English, Maths and Reasoning.

This is a diagnostic exercise so the idea of pass/fail is not that helpful. Our role is to offer support materials and strategy advice to enable your child to boost their raw score point by point as they work towards achieving the pass mark in September.

The papers are challenging and set up to encourage students to employ a strategy. The real exam is sometimes easier but the strategies they learn will boost scores further on the day.

ENGLISH: Your English score is above the pass score

MATHS: Your Maths score is below the pass score

REASONING: Your Reasoning score is above the pass score

AGGREGATE: Your Aggregate score is above the pass score

This means that you did not pass this mock 11+ test

Scores and Raw Marks Breakdown - scores are calculated based on raw marksENGLISH PAPER**Your English Score is 132 which is above the pass score**

The highest possible score for the English paper is 140 and the pass score for the English paper is 110.
